STUCCO COLOUR FASTENER

DESCRIPTION

STUCCO COLOUR FASTENER is a milky white liquid.

PURPOSE

STUCCO COLOUR FASTENER is painted onto STUCCO FLOOR PLASTER and STUCCO CEMENTITIOUS SELFLEVELING to maintain the colour and to harden the surface, before applying relevant sealers. It can also be used over STUCCO AQUAGUARD WALL PLASTER and STUCCO AQUAGUARD BRUSH ON in humid and wet areas.

APPLICATION

Necessities

White hair paint brush, Poly-pile paint roller, roller bucket, masking tape and drop sheets.

Preparation

The surface must be clean and dust free, vacuum-clean the floor. Apply masking tape to frames and edges.

Application

Apply a thin layer of STUCCO COLOUR FASTENER with a paint brush or paint roller in such a manner that it penetrates into the substrate without building a thick film on top.

Allow to dry over night before applying sealers.
